Special Features

Cardinal Hume Catholic School is an 11-18 Academy School and the main school in a partnership of the highest quality schools in the North East. We already have an excellent reputation for the delivery of training for ITT, NQT, Middle and Senior leaders, hence, an application to us would give security and confidence that the training received here would be of the highest quality, designed and provided by a school with a long tradition of supporting new entrants into the profession and continuing on through their teaching career up to headship.

Student Facilities

Our School Direct programme aims to embed the trainee at the heart of a school. The trainee will start the year in school on the first day of term and work the life of a teacher for three terms. Trainees are treated as members of staff and expected to behave in line with the conditions and expectations of a teacher: this includes duties, meetings and extra curricular activities. Trainees benefit from a professional and social life that reflects the school ethos and community.

All trainees will be registered for the PGCE with St Mary's University College or Newcastle University and benefit from all the support the university has to offer.
